PM visits our Town

Residents in Fengshan were excited to have Prime Minister (PM) Mr Lee Hsien Loong over on 22 Jan 2017. The event kicked off with a Community Party @ the Park held at Jalan Pari Dedap Playground. The party consisted of potluck booths contributed by residents who shared their cooking with fellow neighbours and residents. Next stop was the launch of the seniors' fitness corner near Block 76 Bedok North Road. With a children's lion dance performance to welcome the guests and residents, the event was filled with an air of fun and excitement. There was also the Fengshan Community Cares dinner reception for the less-privileged and vulnerable to share the festive joy with them. The final stop was near the 85 Fengshan Centre where residents of different races and ages came together for the Multi-Cultural Carnival @ Fengshan and youths joined in the Youth Energy @ Fengshan. They enjoyed performances by the local schools and the try-outs at interest groups. There were much cheer and energy when PM lighted up the golden phoenix in the Lunar New Year Light-Up Ceremony. PM's Community Visit to Fengshan gave residents the opportunity to connect with our Prime Minister up close and personal.

Welcome the Year of the Rooster

Chinese New Year Celebrations were held all over our town as we welcomed the Year of the Rooster.

Joining their respective divisions for lo heis and dinners, the various Members of Parliament and residents ushered in the Lunar New Year with delicious food, exciting stage performances, lion dances and great company. May prosperity, good health and happiness shower upon us in the Year of the Rooster.

The largest street performance and float parade in Asia was in our town on 25 Feb 2017! This street extravaganza was brought to Bedok to celebrate the dynamism of Singapore's vibrant and multicultural society. The word Chingay is equivalent to the Mandarin zhuang yi (妆艺), which means "the art of costume and masquerade" in the Hokkien dialect. This year's theme - Soundwaves Chingay, WeCare Singapore showcased stunning water, fire, snow and lighting effects as well as pyrotechnics and a fireworks display! Vibrant floats and dancing performers of different races and ages in their colourful costumes passed our towns as residents came out of their homes to enjoy the parade as One Singapore! In various parts of our town, carnivals entertained the residents with performances such as Daiko Japanese drums, Chinese Orchestra, Bollywood dance, game stalls, food snacks and art craft booths. What a night to remember!

Eat Out, Eat Healthy

In Singapore, we eat out frequently. According to the National Nutrition Survey (NNS) 2010, 60% of Singaporeans eat out for lunch/dinner at least four times a week. Hence, the choices we make can go a long way to keep us healthy and prevent chronic diseases.

Did you know that an eat-out meal may contain up to 700 calories on average? The NNS 2010 also showed that an increasing number of Singaporeans are consuming more calories than they need on a daily basis, with six in 10 exceeding the recommended energy intake*. Calories are the fuel source which gives our body the energy to do our daily activities. Hence consuming more calories than what our body needs, coupled with lack of physical activity, can increase the risk of chronic diseases, such as diabetes and weight management issues.

Finding a healthier meal in a foodie's paradise like Singapore is easy with the Healthier Dining Programme - a HPB initiative that encourages F&B businesses to offer more meals which are less than 500 calories. About 1,600 food stalls currently offer these lower-calorie meal options in their core menus, and have served 15 million healthier meals as of the end of 2015.

Eating out? Look out for eateries with the HPB's *Healthier Choice* identifiers or decals to ensure healthier food and drink options are available. Identifiers or decals can be easily spotted at store fronts which come in varied forms – 'Lower in calories', 'We use healthier oil', 'We serve wholegrain options',

"Ask for lower sugar options" so you can make even better choices. These dishes have been created to taste good, pack in a punch of rich nutritional value and yet are lower in calories.

Going Healthy at Hawker Centres and Coffeeshops

Since 28 November 2016, HPB's nation-wide Healthier Dining Programme at hawker centres and coffee shops aims to nudge the public to pick healthier options at participating stalls. So start looking out for the "**lower in calories**", "**We serve wholegrain options**" or "**Ask for lower-sugar options**" identifiers when you visit your hawker stall or coffee shop. Make each meal a healthy one and start living healthier today!

You may also call **1800-223 1313** or email: HPB_Healthy_Eating_CSHC@hpb.gov.sg.

*On average, an adult man requires about 2,200 calories a day, while an adult woman needs about 1,800 calories. The daily calorie intake may vary depending on different factors such as age, gender, weight and activity level.
